Dear Mr. Ewing:

On behalf of the staff and students involved in the Agency's first Seminar on Science and Technology Forecasting, I would like to express our appreciation for your presentation on responsibilities of STIC's Collection Committee. Student comments indicated that your information on methods for identifying areas in need of new collection activity was of value.

We appreciate your support in our training program. I hope we can count on you for any future forecasting seminars we may sponsor.

Sincerely,

Director
